SWO7600 ECO Fusion Pulse static Welfare Accommodation

RAWLEY HIRE

Anti-vandal, robust and easy-to-use static welfare accommodation unit.

Static

Seats up to
8+2 people

HSE & CDM COMPLIANT

Seating area for up to 8 people

Well equipped canteen

Toilet wash area

Separate office space

Delivery of hot water

Solar technology

Innovative, functional, environmentally efficient and cost effective.

The SWO7600 Fusion Pulse static welfare accommodation unit from Groundhog is incredibly robust and secure with the added feature of a spacious office.

Once lifted into position, this versatile robust unit meets HSE & CDM requirements and is suitable for accommodating up to ten people, providing a pleasant and safe working environment, ideal for rental companies and contractors.

This static welfare unit offers cost savings as the heating is supplied by an on board system which does not require the generator to run. The generator will only be required for microwave, kettle and hot water system.

- Powered by roof mounted solar panel with generator back up
- Hard-wired microwave
- 12V diesel powered air blown heating system
- Warm water from an on-board heating system
- Hard wired kettle
- Inverter powered sockets with USB connectors
- Separate office space for 2 people
- Separate drying room
- 12V LED lighting with PIR

1. Canteen Area

- Table and bench seating for up to 8 people
- 12V LED lighting with PIR
- 12V air blown heating system
- Warm water supplied by 230V on-board heating system
- Large stainless steel sink c/w warm water tap
- 2 x inverter powered socket and USB connection
- 1 x 230V double socket & 1 x 230V single socket
- 12V control panel c/w heater control & battery volt meter
- Fresh & waste water containers (20 Ltr cap each)
- Carbon monoxide monitor and smoke alarm

2. Toilet Area

- Plastic recirculating toilet c/w ventilation pipe
- Forearm wash basin c/w warm water tap
- 12V LED lighting with PIR
- 12V diesel powered air blown heating system
- Warm water supplied by a 230V on-board heating system
- Toilet Waste Tank – 135 Litres
- Liquid soap & paper towel dispenser

3. Generator/Warm Room

- 9.8kVA super silent diesel generator with 300 litre diesel tank
- 12V LED lighting with PIR
- Generator start battery
- Fuel Tank Size – 300 Litres

4. Office Area

- Office table and chair (optional)
- 12V LED lighting with PIR
- 12V air blown heating system
- Inverter socket for use of laptops, printers and phone chargers only
- 230V electrical socket
- Notice and wipe clean board

5. Drying Room

- LED lighting with PIR
- 12V air blown heating system
- Coat hooks
- Bench seating
- High level window

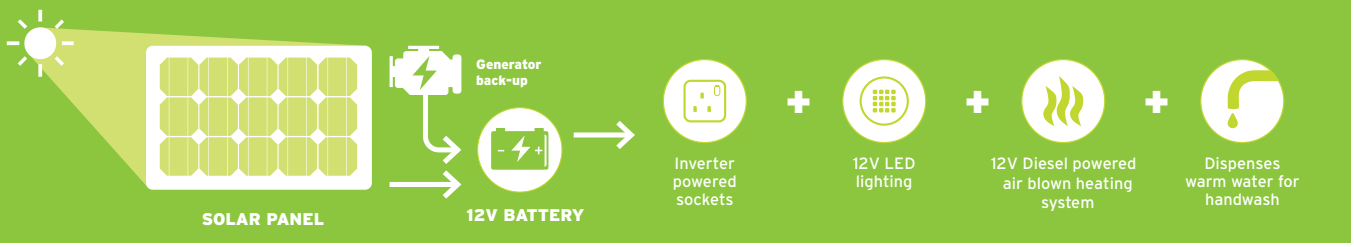

Specifications

› Unladen weight **4500 kg**
› Possible gross weight **4800 kg**
› Height **2.5 m / 8.2 ft**

FUSION PULSE

INTELLIGENT SOLAR TECHNOLOGY

Highly efficient 130amp power AGM battery is charged via **intelligent solar power system** built in controller and backed up by an **on-board power silenced generator** – **ensures optimum performance is maintained when in use and unmanned.**

THE ENVIRONMENTAL CHOICE

CO_2 EMISSIONS REDUCED up to **80%**

FUEL COSTS REDUCED up to **80%**

GENERATOR RUN TIME REDUCED up to **80%**

0% NO_x / SO_x when generator is not in use

LOW NOISE POLLUTION

Engineering a Zero Carbon Future. **Helping you achieve realistic carbon reduction goals.**

INCREASED ECO-EFFICIENCY

Improved chances of winning contracts through greater sustainability.

SAVES YOU MONEY

Environmental features give owners and end users savings by way of **reduced fuel usage, 90% reduction in onboard generator servicing, longer running life, fewer breakdowns and massively reduced noise pollution.**
